

WHITE PAPER ZGOLO TOKEN "ALL IN ONE"

Joseph Andrash Vendetta 13.09.2024.

First, let's introduce ourselves!

We are a group of experienced crypto enthusiasts teamed up with a great team of developers

DIRECTED towards a common goal:

1. CREATING THE LARGEST CRYPTO SOCIAL NETWORK PLATFORM ON THE INTERNET

(beta test version launched)

which will include ALL the most important elements:

- A FUN PART OF THE SOCIAL NETWORK EXCLUSIVELY FOR CRYPTO FANS

(meeting members from all over the world and free communication with each other)

- THE LATEST INFO FROM THE CRYPTO WORLD - BLOG ZGOLLO (launched)
- ZGOLLO CRYPTO SHOP purchase-sale of all goods and services in crypto currencies
- EDUCATIONAL PART for beginners, but also for advanced crypto connoisseurs (under construction)
- ZGOLLO SOCIAL NETWORK TOKEN WITH END GOAL YES
- GROUP FORUM FOR EXPERIENCED CRYPTO EXPERTS (under construction at Zgollo.com social media)
- POSSIBILITY OF EXTRA EARNINGS FOR ALL MEMBERS OF THE ZGOLLO PROJECT
- EXCHANGE ZGOLLO

2. SUCH A COMPLEX AND COMPREHENSIVE SOCIAL NETWORK HAS NEVER EXISTED IN THE CRYPTO WORLD APPEARED. HERE IS A SHORT ANSWER TO THE QUESTION ABOUT OUR DECISION TO START CREATION NOW

firstWHY?

A very important note is that there are currently over 600,000,000 of us in the crypto world!

The facts are that:

A - The existing economic and financial system in the world is collapsing.....and absolutely unsustainable

in the near future.....fact 1

B - The crypto world is one of the fastest growing communities in the world in general.

A few years ago, there were only about 100,000,000 of us.

At the moment of creation of this WP there are well over 600 000 000 of us
WOW!

So by crypto dictionary over 6 x (www.henleyglobal.com 2023). Fact 2

C. In a world where the possibility of freedom of thought and speech is increasingly being "pushed into darkness".

(even on existing social networks), the crypto world is one of the beacons that gives the possibility of a higher degree of freedom for every person!

In order for that lighthouse to shine even more powerfully, it needs a large, powerful and compact one

community. Fact 3

D. NO ONE CAN DO IT ALONE!

So did we....we launched a global project in a FUN WAY, BUT WITH
WITH A SERIOUS GOAL!

We are looking for like-minded people who want to achieve a higher degree of personal freedom for themselves, BUT

and FOR OTHERS! Who like us want to help the rest of the world in crypto education and

realizing how CRYPTO is the RIGHT AND POWERFUL WAY FOR EVERYONE.

Fact 4

3. HOW TO ACHIEVE SUCH A GRANDIOUS GOAL?

First, we programmed the Zgolo social network platform

(instructions for such an undertaking do not exist on the net) and currently Zgolo.com is a soc media u

phase BETA TEST.

Unlike all other social networks, the Zgolo.com network is **NOT FREE!**

...Because there is no free lunch in business

No joke, the entry into the world of Zgolo crypto will be made

WITH A ONE-TIME DONATION "PROOF OF KNOWLEDGE" in the stable coin USDT

in the amount of 10 USD.

Membership is **UNLIMITED** in time, ie as long as each member wants it!

The conditions are described in detail in Terms and conditions on social media Z.golo.com

This **PROOF OF KNOWLEDGE** approach is also proof that the future member is Zgolo soc media knowledgeable in the basics of the crypto world - knows how to send a coin to a given address and

wants to support and help the project of creating the largest crypto social network **ZGOLO!**

BUT....

Surprise **PRIZE** for each one-time donation-membership at Zgolo.com social

media will be awarded 150,000 Zgolo tokens

This means that EACH MEMBER OF ZGOLo social media WILL HAVE TOKEN U
AT THE START

VALUES FROM 18 USD !!!!.....

We will provide this to the first 24,000 members, which is detailed in the
TOKEN DISTRIBUTION within this WP.

There will be more detailed INFO about this through a number of media on the
Internet, such as

to our active blog Zgolo.com/blog.

Before launching our Zgolo social media, we decided to

FIRST LET'S CREATE OUR TOKEN

so that we could speed up the further construction of the social network with
improved finances, and

with all the previously mentioned elements, as well as improve the quality of the
same.

Such a social network as we designed it requires a huge amount of work from the
existing team,

BUT also a serious expansion of the team, with an emphasis on marketing.

4. Zgolo TOKEN - FUN WITH A SERIOUS PURPOSE

was created as FUN by several of us older and experienced grandfathers, who want to have fun way to make a serious and maximum contribution to the crypto world!
